PROFESSIONAL SUMMARY

Full-Stack Software Developer and IT Specialist experienced in designing, developing, deploying, and maintaining web and mobile applications. Skilled in Laravel, PHP, JavaScript/TypeScript, Node.js, Angular, React, Golang, Python/Django, and Flutter, with expertise in RESTful APIs, database management, system integration, cloud technologies, and application security. Proficient in Git/GitHub and CI/CD workflows, with additional experience in IT infrastructure, network monitoring, and technical support. Delivers reliable, secure, and maintainable solutions for school management, attendance, point-of-sale, e-commerce, and business process automation.

CORE SKILLS

Languages: Golang (Go), PHP, JavaScript, TypeScript, Python, Dart, Java, SQL, HTML5/CSS3

Frontend: React, Next.js, Angular, Vue.js, Tailwind CSS

Backend: Laravel, Golang (Chi), Node.js/Express.js, Python/Django, Firebase, Supabase

Mobile: Flutter (Dart, GetX) — cross-platform Android & iOS

Databases: MySQL, PostgreSQL, Redis, NoSQL

DevOps & IT: Git, GitHub, BitBucket, CI/CD, Cloud Deployment (AWS), PRTG & SNMP Network Monitoring, System Security

WORK EXPERIENCE

Software Developer — Steptech Company Limited, Arusha ***2025 – Present***

- Develop and maintain production web and mobile applications using Laravel, Golang, Node.js, React/Next.js, and Flutter.
- Design and implement secure RESTful APIs and modular backends with authentication and role-based access control (RBAC).
- Optimise MySQL/PostgreSQL databases (indexing, query tuning, backup & recovery) for performance and reliability.
- Integrate payment gateways and third-party services; support cloud deployment and CI/CD delivery pipelines.
- Collaborate on system design, code review, and troubleshooting to deliver user-focused features on schedule.

SELECTED PROJECTS

SstepApp School Connect — School Management Platform

Next.js, TypeScript, REST API

All-in-one production platform connecting administrators, teachers, parents, and students — attendance, academics, fee payments, exams, and notifications in one secure system.

Fantasy NBC Premier League (TPL Fantasy)

Golang (Chi), PostgreSQL, REST API

Go-first fantasy football platform for Tanzania's NBC Premier League: REST API, scoring/ingest worker, domain scoring engine, authentication, and SQL migrations.

Driving Course Management System

Laravel, MySQL, RESTful API, GePG

Student progress tracking and automated grading, automated GePG payment processing, certificate generation, and a secure admin dashboard.

Fahamu POS — Point of Sale System

Laravel, React, MySQL

Retail POS covering sales, register sessions, day-book/cash reconciliation, product import, and business reporting.

EcoPark AI — Smart Parking & Car Wash Platform

Flutter (GetX), Laravel API, MySQL, Redis

Smart parking platform with on-device number-plate recognition, offline-first sync, and SMS/push notifications.

E-Commerce Mobile Application

Flutter, Laravel

Cross-platform shopping app with delivery tracking, multiple payment options, secure ordering APIs, and real-time updates.

PTMU — Portable Tracking & Monitoring Unit System

Laravel, MySQL

Tracking and monitoring system with structured reporting, user management, and data management.

Other projects: Short Course Management System (Laravel), Goal Submission Platform (Laravel/React), Betting Predictor (Laravel/React/PostgreSQL), and client websites — ZaqtuSafaris & Travelling, ClearFast Solutions, and Vusha Logistics (WordPress / Next.js).

EDUCATION

Bachelor Degree in Computer Science (Qualified) — Arusha Technical College *2022 – Jul 2025*

Diploma in Computer Science (Qualified) — Arusha Technical College *2019 – 2022*

CERTIFICATIONS

AWS Cloud Practitioner — Amazon Web Services

PROFESSIONAL CONTRIBUTION

DACUM (Developing A Curriculum) Workshop, Arusha Technical College — contributed to creating and revising the Computer Science curriculum for NTA Levels 4–6.

LANGUAGES

English (Fluent) • Swahili (Fluent) • French (Intermediate) • Spanish (Intermediate)

REFEREES

1. Mr. Japhet Kaijage — ICT Department, Arusha Technical College — +255 768 572 253

2. Mr. Rajabu Moshi — Backend Developer — +255 743 431 875

3. Dr. Adam Mtaho — Head of ICT, Arusha Technical College — +255 625 638 932
